Om att Öppna graven för Ba-själen och Skuggan och komma ut på dagen och ha kontroll Över de tvåbenen.

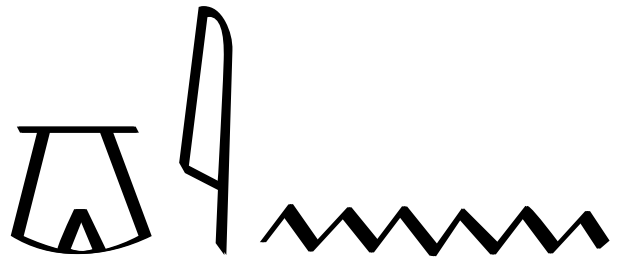

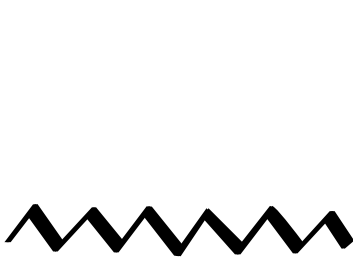

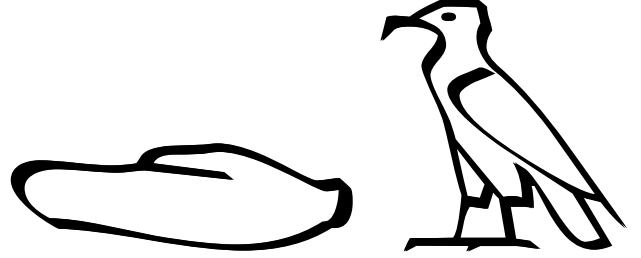

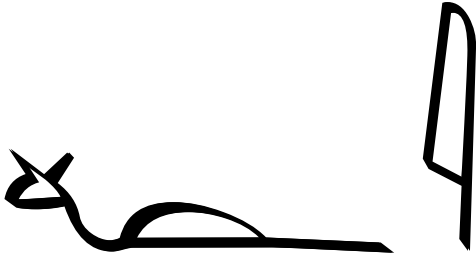

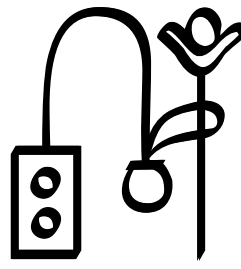

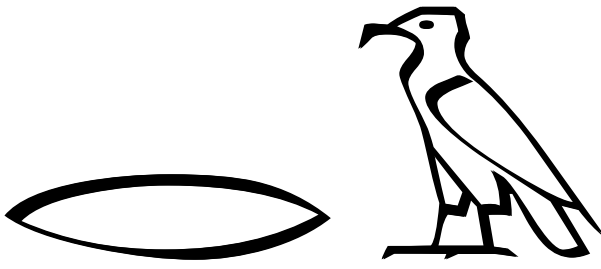

Osiris, skrivaren Ani vars ord Är sanning sa :- Platsen som är stängd är öppnad, platsen som är förseglad är ej förseglad. Det som ligger ner i den stängda platsen är öppnat av Ba-själen som finns inne i det. Genom Ras öga är jag befriad. Ornamenten placeras på Ras panna. Mitt steg görs långt. Jag lyfter upp mina tvåben och går. Jag har gjort en lång resa, men mina ben är i en utmärkt kondition. Jag är Horus, sin fars hämnare och jag bär Urrtkronan. Själarnas väg Är Öppnad. Min tvillingsjäl skådar Den Stora Guden i Ras båt, på själarnas dag. Inget skall hålla min själ fången. Vägen är öppen för min själ. Den repeterar Osiris ord. De som fångslar Osiris medlemmar, som fångslar hjärtsjälar, som fångslar andesjälar, som placerar sigill på de döda och som vill göra mig ont, skall inte göra mig något ont. Skynda min väg. Hjärtat är med mig. Min hjärtsjäl och min andesjäl Är utrustade och de leder mig. Himlen skall inte stänga inne mig.
